

NIGERIAN CONTENT POLICY STATEMENT

WIN-TOJU SYSTEM ENTERPRISE LTD, as a responsible corporate organization, is committed to maximize Nigerian Content in the execution of our projects.

Our alliance with foreign technical partners is based on the importance of technology and knowledge transfer in our shared aspiration to maximize Nigerian Content participation in all facets of the sector.

"Encouraging Nigerian Contents Development is not only politically sensible but makes good business sense".

WIN-TOJU SYSTEM ENTERPRISE LTD will implement the Nigerian Content policy through the following strategies:

- Work with international firms that imbibe and practice our culture of non-discrimination.
- Employ and train Nigerian technical and management staff to run the daily activities of the Company.
- Employ competent and qualified Local Contractors to provide technician and non-technical support services.
- Form alliances on a case-by-case basis with Nigerian-registered Companies to execute projects in Nigeria.
- Patronize Locally manufactured goods that meet industry specified standards.
